**POST PROCEDURE INSTRUCTIONS FOLLOWING BOTOX, DYSPORT, DAXXIFY,
XEOMIN**

- • Keep your head in an upright position (standing, sitting) for four (4) hours following the procedure.
- • **Do Not Rub** or manipulate the skin for four (4) hours after injection.
- • Continue to frown (for frown lines) or smile widely (for crow's feet) during the three (3) hour period after the treatment. This allows the treated muscle to absorb the toxin.
